About PPP Resource Center and PPPs

What are PPPs?

Public-private partnerships (PPPs) are a mechanism for government to procure and implement public infrastructure and/or services using the resources and expertise of the private sector. Where governments are facing ageing or lack of infrastructure and require more efficient services, a partnership with the private sector can help foster new solutions and bring finance.

The Public-Private Partnership Resource Center (PPPRC) was formerly known as The Public-Private Partnership Legal Resource Center (PPPLRC) and the Public-Private Partnership in Infrastructure Resource Center for Contracts, Laws and Regulations (PPPIRC). For over two decades, the site has successfully curated and shared guidance on structuring PPP projects, its enabling environment, as well as sector-specific information.
