# Asset Recycling Guide: Tools and References

## Guidelines for Implementing Asset Recycling Transactions

Tables, Tools and Figures

This set of Asset Recycling Guidelines have been developed to support governments in selecting, preparing, and delivering asset recycling transactions, with a focus on long-term concession and lease models only. The Guidelines have been drafted to provide a systematic and consistent approach to facilitate asset recycling transactions under these models. Find a list of helpful tools and reference materials used in this section or click the link below to find the full report.
