Introduction to Commercial Value Capture (CVC)

Innovative Revenues for Infrastructure Guidelines (IRI)

Introduction to Commercial Value Capture (CVC)

Government could aim to maximize innovative revenue opportunities to close funding gap and explore opportunities for generating additional revenues to fund infrastructure through related commercial activities. See successful case studies below or click the link to the full report.

The Guidelines on Innovative Revenues for Infrastructure (IRI) is intended to be a living document and will be reviewed at regular intervals. They have not been prepared with any specific transaction in mind and are meant to serve only as general guidance. It is therefore critical that the Guidelines be reviewed and adapted for specific transactions.
