Strategic Guidance for Country System Assessments

Strategic Guidance for Country System Assessments

Section Overview

These Country System Guidelines aim to provide governments with a strategic and holistic assessment of their current legal and institutional frameworks, to help them understand how the global market perceives their country systems and where any gaps or short-comings might be found, under Workstream One of the World Bank's Emission Reduction Program.

This section is focused on ERC market development, by providing governments with access to knowledge and technical assistance. It incorporates analysis and recommendations around legal and institutional frameworks, governance models, policies, and infrastructural and resource capacity for accessing global ERC markets, as well as ways to synergistically align domestic markets with a global ecosystem.
