Let us know what you think by taking a* ***Quick Survey****.*

These sections provides an overview of key findings to attract commercial investment for ERC activities and help scale ERC finance, including examples of how the bond or debt raise could be used to finance ERC activities. For smaller economies and many subnational entities, an aggregation facility that pools multiple ERC activities can help overcome some of the challenges to accessing finance and attract large-scale private sector capital, including through issuing ERC-backed debt.
