- (c) radioactive contamination or ionizing radiation originating from a source in [COUNTRY] or resulting from another Local Political Event;
 - (d) any Lapse of Consent that shall have existed for thirty (30) or more consecutive Days;

- (i) lack of funds due to any commercial, economic or financial reason such as, but not limited to, a Party’s inability to make a profit or achieve a satisfactory rate of return due to the provisions of this Agreement or changes in market conditions (although the inability to use available funds, due to any reason set out above, shall be regarded as Force Majeure);
 - (ii) late delivery of machinery or other materials or a delay in the performance by any supplier, including a supplier of the fuel to be used by the Complex, except where such late delivery or delay is itself attributable to Force Majeure;
 - (iii) normal wear and tear or random flaws in materials and equipment or breakdowns in equipment; or

- (iv) hazards, including but not limited to the growth of trees, which can be reasonably anticipated in normal utility operations and planned for as part of prudent utility design, operations and maintenance activities.

Section 11.2. Notification and Obligation to Remedy.

- 11.2.1 In the event of the occurrence of a Force Majeure that prevents a Party from performing its obligations hereunder (other than an obligation to pay money), such Party shall: (i) notify as soon as reasonably practicable (but in any event with forty-eight (48) hours) the other Party in writing of such Force Majeure; (ii) not be entitled to suspend performance under this Agreement for any greater scope or longer duration than is required by the Force Majeure; (iii) use all reasonable efforts to remedy its inability to perform and to resume full performance hereunder as soon as practicable; (iv) give the other Party a second notice, describing the Force Majeure(s) in reasonable detail and, to the extent which can be reasonably determined at the time of such notice, providing a preliminary evaluation of the obligations affected, a preliminary estimate of the period of time that the affected Party shall be unable to perform such obligations and other relevant matters as soon as practicable, but in any event, not later than seven (7) Days after the initial notice of the occurrence of the Force Majeure(s) is given by the affected Party; (v) keep such other Party apprised of such efforts on a continuous basis; and (vi) provide written notice of the resumption of performance hereunder. Notwithstanding the occurrence of Force Majeure, the Parties shall perform their obligations under this Agreement to the extent the performance of such obligations is not impeded by the Force Majeure.
- 11.2.2 Failure by the affected Party to have given written notice of Force Majeure to the other Party within the forty-eight (48) hour period required by Section 11.2.1 shall not prevent the affected Party from giving such notice at a later time; provided, however, that in such case the affected Party shall not be excused pursuant to Section 11.3.1 for any failure or delay in complying with its obligations under or pursuant to this Agreement until such notice has been given. If such notice is given within the forty-eight (48) hour period required by Section 11.2.1, the affected Party shall be excused for such failure or delay pursuant to Section 11.3.1 from the date of commencement of the relevant Force Majeure.

Section 11.3. Consequences of Force Majeure

- 11.3.1 Neither Party shall be responsible or liable for, or deemed in breach hereof because of, any failure or delay in complying with its obligations under or pursuant to this Agreement which it cannot perform due solely to one or more Force Majeure or its or their effects or by any combination thereof, and the periods allowed for the performance by the Parties of such obligation(s) shall be extended on a Day-for-Day basis for so long as one or more Force Majeure continues to affect materially and adversely the performance of such Party of such obligation(s) under or pursuant to this Agreement; provided, however, that

no relief shall be granted to the Party claiming Force Majeure pursuant to this Section 11.3 to the extent that such failure or delay would have nevertheless; been experienced by that Party had such Force Majeure not occurred; and provided, further, that the Party not claiming Force Majeure may immediately terminate this Agreement without further obligation if Force Majeure delays a Party's performance for a period greater than fifteen (15) Days prior to the Commercial Operations Date or (ii) two (2) consecutive Months after the Commercial Operations Date.

Except as specifically provided under this Agreement, neither Party shall be liable to the other in contract, tort, warranty, strict liability or any other legal theory for any indirect, consequential, incidental, punitive, exemplary damages; provided, however, that this provision is not intended to constitute a waiver of any right of either Party against the other with regard to matters unrelated to this Agreement or to any activity not contemplated by this Agreement.

Section 13.2. Indemnification

13.2.1 The Government shall indemnify the Company against and hold the Company harmless from any and all losses incurred, suffered, sustained or required to be paid directly or indirectly, by or sought to be imposed upon the Company arising out of gross negligence or intentional act or omission by the Government in connection with this Agreement; provided, however, that, notwithstanding the foregoing, indemnification shall not be required to the extent that a Party claiming indemnification receives indemnification or reimbursement or recovery (in full or in part) from any other source (including any policy of insurance).

13.2.2 The Company shall indemnify the Government against and hold the Government harmless from any and all losses incurred, suffered, sustained or required to be paid, directly or indirectly, by or sought to be imposed upon the Government arising out of gross negligence or intentional act or omission by the Company in connection with this Agreement; provided, however, that, notwithstanding the foregoing, indemnification shall not be required to the extent that a Party claiming indemnification receives indemnification or reimbursement or recovery (in full or in part) from any other source (including any policy of insurance).

The Government shall not bring (or, other than through the Utility, cause any proceedings to be brought) against the Company for any breach of its obligations under Article III and Section 3.5 and Section 4.1 (to the extent such Articles and Sections relate to substantially similar obligations of the Company under the Power Purchase Agreement) or Article VII of this Agreement, if the Utility has fully pursued, or is then pursuing, a claim or claims against the Company based upon an alleged breach of the Power Purchase Agreement. A final, non-appealable order issued in a proceeding initiated by the Utility, and based upon a claim of a breach of the Power Purchase Agreement, shall be without prejudice to any proceedings against the Company that the Government could otherwise bring for breach by the Company of substantially the same obligations under this Agreement. Nothing in this Section 13.4 shall prevent the Government and the Utility from separately initiating proceedings to terminate this Agreement and the Power Purchase Agreement, respectively, pursuant to Article X of this Agreement and Article XVII of the Power Purchase Agreement.
