INFRASTRUCTURE  
FORUM 2018**

**13 OCTOBER, BALI, INDONESIA**

**#2018GIForum**

# UNLOCKING INCLUSIVE, RESILIENT, AND SUSTAINABLE TECHNOLOGY-DRIVEN INFRASTRUCTURE

The 2018 Global Infrastructure Forum (GI Forum) will build on the 1st GI Forum, which was established as part of the Addis Ababa Action Agenda on Sustainable Development Goals. Its goal is to bridge the infrastructure gap by improving alignment and coordination among multilateral development banks and their partners to facilitate implementation of sustainable, accessible, and resilient infrastructure for developing countries.

Under the 2018 GI Forum's overarching theme, "Unlocking Inclusive, Resilient, and Sustainable Technology-Driven Infrastructure", the opening session discussions will set the stage for four sessions chaired by the multilateral development banks and the United Nations, organized in collaboration with public and private sector partners.

For this global event, heads of multilateral development banks and the United Nations, high-level government officials and business leaders will participate as panelists in the opening session. A global audience from the public and private sector will attend.

This 2018 forum is hosted by ADB and held in the Laguna Villas in Bali, Indonesia on October 13, 2018.

# Opening Session B:

## The MDBs – Catalyzing Private Finance

10:00 – 11:00

The world is facing a substantial infrastructure spending deficit. In 2016, McKinsey estimated \$3.3 trillion of investment per annum (or approx. 3.8% of GDP), in economic infrastructure is required to support projected regional growth to 2030. In Asia alone, the ADB estimates the climate adjusted funding requirement to be \$1.7 trillion per annum. This session will discuss how the multilateral development banks (MDBs), both individually and jointly, crowd in greater private finance, and the steps by which greater mobilization and catalyzation can be achieved particularly for lower income countries.
